

# Graham High School Band Boosters

---

## Mission Statement

**The mission of the Graham High School Band Boosters is to support the GHS Band. We will offer financial support through fund-raising activities and provide adult volunteers to assist the GHS band students and directors.**

---

## Belief Statements

We believe that the GHS band is an important part of Graham High School and that the band as a whole and the students individually represent the school and our community when they perform and travel as a group.

We believe in helping to provide a well-supervised activity and safe environment for our children.

We believe that the work and pride required to build a successful band program will help our children learn the importance of hard work in achieving their goals and meeting the challenges of the future.

We believe that as parents it is our responsibility to support our children in all that they do and that as band boosters, we can support a program that is important to our children, their school, and our community.
